SQL QUERY RESULTS

1.SELECT,WHERE & GROUP BY / HAVING :

Result Grid | Filter Rows: | Edit: | Export/Import:

customer_id	name_	email	city	country	created_at
1	Priya Sharma	priya@email.com	Mumbai	India	2026-04-13
2	Arjun Mehta	arjun@email.com	Delhi	India	2026-04-13
3	Sara Ali	sara@email.com	Bangalore	India	2026-04-13
4	Ravi Kumar	ravi@email.com	Chennai	India	2026-04-13
5	Ananya Das	ananya@email.com	Kolkata	India	2026-04-13
NULL	NULL	NULL	NULL	NULL	NULL

- Sorted products by price descending

Result Grid | Filter Rows: | Edit:

product_id	name_	category	price	stock
1	Laptop Pro	Electronics	75000.00	50
2	Wireless Mouse	Electronics	1200.00	200
5	USB-C Hub	Electronics	2500.00	150
NULL	NULL	NULL	NULL	NULL

2. AGGREGATE FUNCTIONS – SUM,AVG,MIN,MAX :

- Calculated total revenue from all order items

Result Grid | Filter Rows:

category	product_count
Electronics	3
Furniture	1
Stationery	1

- Computed average order value per order

Result Grid | Filter Rows:

category	product_count
Electronics	3

- Found average, min, and max price per product category

Result Grid

total_revenue
97350.00

- Ranked products by total quantity sold

order_id	order_total
1	77400.00
2	12000.00
3	1750.00
4	5000.00
5	1200.00

3.JOINS – INNER JOIN, LEFT JOIN:

- Joined `orders` with `customers` to display customer names on orders

order_id	customer_name	order_date	status
1	Priya Sharma	2024-01-10	delivered
2	Arjun Mehta	2024-01-15	shipped
3	Sara Ali	2024-02-01	delivered
4	Ravi Kumar	2024-02-20	pending
5	Priya Sharma	2024-03-05	delivered

- Used LEFT JOIN to list all customers including those with no orders

name_	city	order_id	status
Priya Sharma	Mumbai	1	delivered
Priya Sharma	Mumbai	5	delivered
Arjun Mehta	Delhi	2	shipped
Sara Ali	Bangalore	3	delivered
Ravi Kumar	Chennai	4	pending
Ananya Das	Kolkata	NULL	NULL

4.SUBQURIES:

- Used correlated subqueries to find the most expensive product per category

name_	price
Laptop Pro	75000.00

5.VIEWS:

- Created `product_sales_summary` view for reusable revenue analysis
- Queried the view to rank products by total revenue

product_name	category	units_sold	total_revenue
Laptop Pro	Electronics	1	75000.00
Office Chair	Furniture	1	12000.00
USB-C Hub	Electronics	2	5000.00
Wireless Mouse	Electronics	3	3600.00
Notebook Set	Stationery	5	1750.00
